To Whom It May Concern,

I am writing this letter of recommendation of behalf of Arman Urazov. The summer of 2015 Arman traveled to our very small town of The Forks Plantation, Maine. It has a total population of 33, but grows to 500 in the summer with cottage owners and summer staff. It must of been an incredible adjustment for him, which he did with ease.

His duties for the summer were many. He was a breakfast server, dishwasher and busser in our restaurant as well as a housekeeper for our lodging. Within a week, Arman was able to perform tasks on his own without supervision. He ease took great pride in every aspect of his job. He was very personable and a great asset us. I wish he were able to return again this summer.

Please do not hesitate contacting me with any questions.
